

# BUILDING BRIDGES ACROSS CULTURES

## Intercultural Management Training by

*for leaders, managers, coaches, consultants and members of diverse teams  
(max. 10 participants)*

### **This is about**

Intercultural competence - a central prerequisite for international business as well as local business in South Africa. It enables people to interact successfully across cultures and is based on perceptiveness, sensitivity and the ability to switch perspectives.

### **We offer you**

3 days away from the office in a peaceful, comfortable setting to enhance your intercultural skills.

The seminar is based on the concept of experiential learning. The different cultural roots and experiences of participants are central for peer-exchange and learning. Theoretical inputs and practical exercises are building blocks, leading to a holistic understanding of intercultural management.

### **The topics are**

Day 1:  
*Culture & Diversity*

Day 2:  
*Intercultural Communication & Switching Perspectives*

Day 3:  
*Leadership & Organisational Culture*

### **Trainer / Facilitator**
